

Scrapbookers Take to The Timbers for Relaxing Weekend!

The Timbers' Lodge provided a weekend reprieve for five southwest Missouri scrapbookers who enjoyed the spacious warmth of the lodge and tranquil beauty of Table Rock Lake for an uninterrupted weekend of scrapbooking!

The women found the warm and inviting lodge and accommodating amenities of The Timbers a great place to break the Winter blues and share their favorite pass time.

Excited about their peaceful new "find" they were quick to comment -

"This is great - no working between loads of laundry, no interruptions ... just scrapbooking!"

"It's beautiful here...this is perfect!"

With plenty of room for up to 8 guests, the great room of The Timbers' Lodge quickly became a haven for the women and their projects.

Utilizing the lodge's spacious wrap-around deck for basking in the warm March sunshine and soaking up breathtaking lake views; the women also enjoyed relaxing in the warm waters of the hot tub - all while keeping their projects open and undisturbed!

A fabulously affordable weekend at great off-season rates!
